

Students who drive cars to school must register them **at the beginning of each year** with the front office for security reasons. Student drivers **must** observe all traffic regulations within the parking lot, especially the maximum speed limit of five miles per hour. They must also park in designated parking spaces. Students who violate any of the student parking and driving rules on campus may have their cars towed at the owner's expense. During school hours, students are permitted in their cars at lunch and during break, provided they are parked on campus and they do not produce excessive noise or litter in the parking lot.

Please complete the form below and return it to the office prior to the start of school or as soon as the student has a valid driver's license. Please register **ALL** cars your student(s) may drive to school, including any previously registered cars used by an older sibling who no longer attends St. Mary's School. Drivers of unregistered cars will be contacted and required to obtain a sticker.

Please fill out the bottom portion of this form for each student and car
